

## Ride-on sweepers made for safer and more sustainable cleaning

Versatile and sustainable with outstanding total cost of ownership The versatile FLOORTEC R 985 offers two choices of power: Battery, and LP Gas. Plus a third option of adding a hybrid solution to the fast and strong LP Gas engine. The hybrid technology reduces emissions and the sound level. Using the same machine for both indoor and outdoor tasks is not only productive and sustainable – it is contributing to the outstanding low Total Cost of Ownership of the FLOORTEC R 985.

- Productivity is increased due to a new innovative brush adjustment system which maintains exceptional sweeping performance and increased hopper filling throughout the life of the main broom
- 30% increased hopper filling gives higher productivity as less time is spent dumping the debris
- The first real hybrid industrial sweeper on the market: flexible cleaning, low emissions and low noise level
- Main broom adjustment easy to check by pushing a button
- All sweeping functions activated by OneTouch™ button and pressing the drive pedal
- When not driving all functions stop automatically saving energy, reducing broom wear and making operation easy
- High quality components and assembly
- Automatic speed reduction in tight curves and operating the hopper
- Warning alarm and reduced hopper lifting speed on slopes
- DustGuard™ system to reduce dust created by the side brooms
- Parallelogram concept on side broom for better and consistent sweeping performance
- Climb up to 20% inclines while sweeping

The FLOORTEC R 985 turns handling of dust and debris on large indoor floors and outdoor areas into a productive, sustainable and cost-effective process. From start to finish you can solve this task with ease as this ride-on machine is comfortable to drive - with several strong features supporting the user. The sweeping width and hopper capacity enables you to speed up cleaning time. An ideal sweeper for automotive, agriculture, industrial sites and factories, warehouses, distribution centres, multi-stores car parks, etc.

Model	SWEeper FLOORTEC R 985 B	SWEeper FLOORTEC R 985 LPG
Ref. no.	9084413010	9084414010
PRODUCT FEATURES		
Variable high dump system	•	•
Non marking traction wheels	•	•
Battery level indicator	•	
Horn	•	•
Wet sweep by-pass	•	•
Variable speed control	•	•
On-board charger	•	
Automatic speed reduction	•	•
Adjustable side broom speed	•	•
Adjustable seat	•	•
Charging indicator	•	
Multi-frequency filter shaker	•	•
Electric start		•
Speed indicator	•	•
Overheat indicator	•	•
One Touch Button	•	•
No tool broom adjustment	•	•
Foam filled rear wheels	•	•
Main broom worn alarm	•	•
Timed multi-frequency filter shaker	•	•
