

High speed single disc polisher for light to medium duty tasks

With the SPINTEC 443 we have improved ergonomics in handling, balance and transportation, adding special features like: cable hook, plug holder, longer cable, common accessories, and improved serviceability. The offset deck is just 12 cm tall in order to clean under furniture and radiators. The SPINTEC 443 is also very silent and can be used in hospitals and other noise sensitive areas. Safety button, dead switch, high visibility cable, IPX4 and automatic click on/off put the SPINTEC 443 at the edge of safety. Metal frame, big wheels and bumpers, all merged together in modern design gives evidence to the robustness, durability and easy cleaning of the machine.

- Cable hook
- Plug holder
- Big wheels
- Easy cable replacement
- Ergonomic handle
- Offset motor for great stability
- Robust tube and frame
- Long life with minimum service costs
- Cable hook, where the cable can be easily wound up on the machine
- Extruded vinyl bumper protects obstacles and machine from damages
- Quiet operation
- Easy to operate
