

Mains powered floor burnisher ready to go and maintenance free

We have improved ergonomics in handling, balance and transportation, thus adding special features like: ergonomic handle with soft grip, cable hook, plug holder, trip fuse to protect motor and avoid blowing network fuses, longer cable (15 m), built-in pad holder, common accessories and improved serviceability. Safety button, dead man switch, high visibility orange cable put the SPINTEC 551 UH at the pinnacle of safety standards. The soft grip, closed handles with correctly placed safety switch and the dead man switches guarantee that the machine is always safe and under operator control. The soft start system ensures comfortable operation. The 15 meter cable and practical cable holder make it easy to get started and the adjustable handle, big wheels and low noise level add to the ergonomics, easy handling, operation and transportation. Metal frame, big wheels and bumpers, gloss paint, all merged together in modern design give evidence to the robustness, durability and easy cleaning of the machine. Silent operation and easy maintenance make the SPINTEC 551 UH a complete and worry free machine.

- Cable hook
- Big wheels
- Easy cable replacement
- Ergonomic handle
- Offset motor for great stability
- Rugged tube and frame resistant to knocks and bumps without breaking
- Long life with a minimum of service costs
- Cable hook, where the cable can be easily wound up on the machine
- Extruded vinyl bumper protects obstacles and machine from damages
- Quiet operation
- Easy to operate

The SPINTEC 551 UH is a 1500 RPM belt driven handy and easy to use floor polishing machine. Due to the low noise level, it is ideally suited for daytime cleaning in hospitals, institutions, hotels and other public areas. The foldable handle eases transportation and can be in operation within few seconds.
