

Easy to use, battery driven ride-on scrubber dryers with on-board charger

The SCRUBTEC R 4 ride-on scrubber dryers bridge the gap between walk-behind machines and bigger ride-on's. With all the flexibility of smaller walk behind machines , yet having all the speed and convenience of a ride-on, these units offer the practical means of handling lighter-duty cleaning applications. SCRUBTEC R 4 is very competitive, thanks to price, ergonomics, performance, innovation, features and reliability. The noise level is very low, and the ergonomic and compact design allows cleaning almost anywhere. Above all, the new patented “Magic” deck system (linked to the steering wheel) means that the deck orientation follows the steering wheel to guarantee best cleaning performance leaving a dry floor with maximum comfort and minimum effort. Typical applications are supermarkets, hospitals, office buildings, health care facilities, sport centres and educational buildings.

Picture shown may not represent model quoted

- The inboard parabolic squeegee perfectly covers the scrubbing track without leaving traces
- Ergonomic seat and steering wheel
- Patented automatic speed control that significantly increases operator safety
- Super compact design makes cleaning of restricted space areas fast and easy
- Low noise mode makes daytime cleaning and cleaning of noise-sensitive areas viable
- Robust and extremely versatile machine suitable for many different application areas
- Ergonomic inclined foot platform: easy driver access from both sides of the machine

The SCRUBTEC R 4 is one of the most versatile platforms in our range - suitable for many different surfaces and applications. These ride-on scrubber dryers are compact and superbly manoeuvrable and meet the demand for providing productive and efficient cleaning.
