

### 3 motor single phase industrial vacuum cleaner

ATTIX 115 & 125 are powered by 3x1000 Watt independent "by-pass" motors and come with a 100 litres capacity bin. They are made of epoxy painted metal plate/tubes giving the machines a very robust and reliable design. The manual filter shaker ensures a good efficiency of the filter and the SitDown container system allows a convenient disposal without dis-assembling other parts of the vacuum cleaner.

- 3 independent "by-pass" motors
- L or M Class filter
- Strong & reliable
- Easy manoevrabilty
- 100 litre SitDown container with castors & handle
- Manual Filter shaker as standard,
- Cable, hose and tube holders,
- HEPA filter as option
- Mechanical floater as option for liquid collection

Picture shown may not represent model quoted

The ATTIX 115 & 125 are simple single-phase industrial vacs with large capacity, high performance and robust design. The machines are ideal in the metal working industry for metal chips mixed with oil/coolant or at building & construction sites for collection of fine dust (HEPA filter available as option).
