

SCRUBTEC R 253

Micro Ride-on Scrubber Dryer

- Productivity of a ride-on with the footprint of a walk-behind

Mop kit and basket (options)

Driving seat can be accessed from both sides

Automatic water filling kit

Easy access to main components (as option)

Take your cleaning to a new level of comfort and productivity

Put yourself in the driving seat

- and speed up your cleaning

Increase the productivity of your indoor cleaning thanks to a working speed up to 6km/h. The SCRUBTEC R 253 is our first ride-on machine in the micro scrubber dryer category. This range is available at the same price level as an ordinary walk-behind model, with the productivity and comfort of a ride-on.

Fast and ideal for indoor areas

SCRUBTEC R 253 is ideal for light and medium cleaning of indoor areas such as in warehouses, small industries, and automotive facilities. Users will find it easy to drive and control, and thanks to its large water tanks the machine goes the distance with limited need to empty/refill.

The SCRUBTEC R 253 can clean up to 120 minutes on one tank thanks to the new solution flow, automatically controlled by the speed of the machine. This feature helps to reduce consumption and cost at the same time.

Consistent cleaning performance

- High productivity: 53 cm scrubbing width, 70 litre water tanks and up to 6km/h working speed
- Chemical mixing system gives full control over detergent use making it possible to only use it when really needed
- Water and chemical flow can be changed while working according to floor conditions

Comfortable to control

- Easy to use with minimum training
- Dashboard with digital display placed in the steering wheel
- Large operator seat and leg room
- Intuitive icon buttons for vacuum, brush rotation and water/detergent flow
- Wide range of accessories to make the cleaning job as fast and comfortable as possible

Reliable with low maintenance costs

- Thoroughly tested high-quality components
- Simple to clean and maintain due to its surface finishing
- Fast installation and removal of squeegee blades

Take your cleaning to a new level of comfort & productivity

- Flexible: 3 different water/detergent solutions settings for optimal cleaning
- Intelligent: Flow of water/detergent automatically adjusts to speed of machine
- One-touch button: Lower/raise brush deck and squeegee by touching a button from driving position
- Convenient: Squeegee automatically lifts in reverse
- Safe: Speed control in turns
- Water control: New automatic water filling kit (optional) automatically stops the filling when water tank is full
- Maintenance: Squeegee blades can be easily removed thanks to the patented elastic strap system

Ideally suited for:

- Automotive
- Small industries
- Warehouses

Technical specifications

Description	SCRUBTEC R 253 B	SCRUBTEC R 253 B COMBI
Item no.	9087362020	9087365020
Squeegee width (mm)	720	720
Theoretical surface performance (m ² /h)	3180/2230	3180/2230
Working speed (km/h)	6	6
Tank capacity solution / recovery (l)	70/70	70/70
Brush/Pad size (mm)	530/508	530/508
Brush motor (W)	400	400
Brush pressure (kg)	15	15
Brush speed (RPM)	155	155
Vacuum motor power (W)	310	310
Power source, battery (V)	24	24
Max climbing rate (%)	2	2
Dimensions L x W x H (mm)	1270 x 550 x 1020	1270 x 550 x 1020
Weight without batteries (kg)	152	228
Features:		
Tilting recovery tank	•	•
Chemical mixing system		•
Automatic squeegee lift in reverse	•	•
Break-away squeegee	•	•
Squeezable drain hose with flow control	•	•
Full package version	•	•
Standard equipment:		
Poliurethane (chemical resistant) squeegee blades	9100000490	9100000490
Brush disc 530 mm 21 Prolene		L08837025
Chemical mixing system kit		9100000953
Batt.12V-105Ah GEL Monobloc		80564400
On-board charger		9100000940
